Disclaimer

A wide range of assessment information is used in the development of a student's final grade. At Archbishop Macdonald Catholic High School, individualized assessments provide specific information regarding student progress and overall performance in class. Student assessment may vary from student to student to adapt for differences in student needs, learning styles, preferences, and paces. It should also be noted that not all assignments are used to determine the final grade, and that scale factors may have been used to determine the weight of individual assignments.

High School courses explore sensitive and complex topics. Classroom discussions may involve navigating significant moments of personal growth and realization, or traumatic experiences that encompass the human condition. Perspectives are taught through a Catholic lens.

Texts are curated from Alberta Education and the International Baccalaureate Programme prescribed lists. Students are expected to pre-read assigned texts prior to the unit of study to discuss thematic perspectives.
