- Alberta School Council Engagement Grant Discussion

The discussion regarding the Alberta School Council Engagement Grant focused on the interest in utilizing the grant to support specific initiatives, particularly around building resilience and coping strategies for students.

It was mentioned that there were some options for speakers who could provide sessions on these topics. The proposed utilization of the \$500 grant was aimed at funding one of these sessions, with an emphasis on finding someone who could engage the parents and students effectively. Suggestions for potential speakers included;

-Prusik Youth Services – group presentation/workshop “How to Build a Stronger Brain – A game plan for healthy decision making”; cost is \$500 plus travel costs (located in Calgary) or potential for virtual presentation. Group consensus was that in-person presentation is preferred.

-Jo Out Loud – Local youth resiliency coach. Candace has seen her present and commented on her ability to engage the audience. Candace has emailed her to confirm cost but has not heard back

Email group to be created to encourage decisions within council for recommendations with a goal for final decision at the next meeting.
