Overview Spanish 20 is an intermediate second language course designed to build on students' foundational Spanish skills while developing greater confidence and independence in communication. Students expand their vocabulary and grammatical knowledge while developing listening, speaking, reading, and writing skills through meaningful, real-world contexts. Cultural exploration of traditions, daily life, and diverse perspectives from the Spanish-speaking world prepares them for Spanish 30.

IB Philosophy MAC's courses use IB philosophy to encourage the holistic development of all students. The Learner Profile and Approaches to Teaching and Learning are used at all levels so that students develop a better understanding of curriculum objectives. This course will focus on the Learner Profile for THINKERS because we use critical and creative thinking skills to act on complex problems. Our Approaches to Learning skills will be THINKING because we emphasize skills such as reflection and critical thinking.
